SUMMARY

Computer Science Engineering student with a strong foundation in full-stack development, seeking to apply technical expertise and problem-solving skills to build efficient, user-centric digital solutions. Committed to continuous learning and staying current with emerging technologies in a professional development environment.

EDUCATION

National Engineering College, Kovilpatti *Expected May 2027*
Bachelor of Engineering in Computer Science | CGPA: 7.85

St. Ignatius Convent Higher Secondary School, Palayamkottai *Batch of 2022*
Higher Secondary Education | Percentage: 87.16%

PROJECTS

E-Commerce Platform - MERN Stack

- Engineered secure backend REST APIs to power user authentication, admin controls, and end-to-end cart and checkout workflows, ensuring reliable transaction handling.
- Enhanced platform engagement by integrating a social wish list feature, enabling collaborative and shareable shopping experiences for users.

Bio Bridge - Wildlife & Environmental Reporting Portal

- Developed a full-stack environmental reporting portal (Node.js, Express, MongoDB) enabling citizens to report wildlife emergencies with live photo evidence and GPS coordinates via the OpenStreetMap API.
- Built a rule-based trust-scoring system to prioritize genuine alerts, an offline SOS fallback for emergency SMS without internet, and an admin dashboard for case management and PDF incident reporting.

Personal Finance Manager - Firebase Integrated

- Improved a real-time personal finance tracker with secure authentication and Firebase cloud synchronization, enabling seamless cross-device accessibility.
- Consolidated income, expense, and monthly summary tracking into a unified dashboard, providing users with a comprehensive view of their financial activity.

INTERNSHIPS

CodSoft - Web Development (Online) *Mar 10 - Apr 10, 2025*

- Developed 3 responsive web projects using HTML, CSS, and JavaScript, improving cross-device compatibility and strengthening frontend development skills.
- Collaborated with a remote development team to deliver 100% of assigned web pages based on design specifications within project deadlines.

Prodigy InfoTech - Web Development (Online) *Jun 15 - Jul 15, 2025*

- Developed 4 interactive web applications with responsive layouts, ensuring compatibility across desktop and mobile devices.
- Implemented JavaScript functionality across 5 web pages, enabling interactive user experiences and responsive interface behaviour.

SKILLS

- Programming Languages: C++, Java, HTML, CSS, JavaScript, SQL
- Frameworks & Libraries: React, Express.js, Node.js, Django, Flutter, Rest API Development
- Tools: GitHub, VS Code
- Concepts: Full Stack, DBMS, SDLC
- Soft Skills: Problem-Solving, Team Collaboration, Adaptability

CERTIFICATION COURSES

- Full Stack Web Development with Flask - Infosys SpringBoard
- Data Structures and Algorithms - Infosys SpringBoard
- Frontend Developer (React) - HackerRank

ACHIEVEMENTS

- Query Fiesta - Winner, conducted by Sri Eshwar College of Engineering, Coimbatore
- Homepage Hustle - Winner, conducted by CSI Club
